

Stick & Pipe Cleaners

Fiber Connections' Stick and Pipe Cleaners are part of a dry cloth cleaning system that provides excellent cleaning performance on a connectors end-face and/or the sides of the connector ferrule. Stick cleaners are ideal for hard to reach connector end-faces that are mated behind an adapter port while the pipe cleaning tool is designed to completely cup or encapsulate the exposed parts of the connector ferrule to help remove debris that might otherwise be pushed into an adapter during mating.

STICK CLEANER KEY FEATURES

- IDEAL FOR CLEANING CONNECTORS IN HARD TO REACH ADAPTER PORTS
- INTUITIVE DESIGN FOR EASE OF USE
- STICK LENGTH IS CUSTOMIZABLE
- WORKS IN HARD TO REACH AREAS

PIPE CLEANER KEY FEATURES

- IDEAL FOR CLEANING ENTIRE CONNECTOR FERRULE SURFACE INCLUDING SIDES
- AVAILABLE IN BOTH 1.25mm AND 2.5mm SIZES
- DRY CLEANING ELIMINATES THE NEED FOR HARSH SOLVENTS
